#### ***DECISIVENESS ~ KEYS TO REMEMBER***

##### ***Gather accurate information***

Decisions generally come with their own built-in timetables.

##### ***Keep a clear perspective***

Take care not to allow personal feelings, interests, or popularity to cloud your perspective.

##### ***Make the right choice***

As a decision maker you are responsible to know your decision is right, even without seeing the results.

##### ***Follow through***

Every decision has costs. You must consider “how much and how long” in order to have successful follow through.

##### ***Weather criticism***

Your decision will likely offend someone sometime. Make sure you know how to handle the criticism.

#### ***COMMITMENT***

***I Will*** seek wise counsel before making a decision

***I Will*** make decisions based on principle, not based on impulse

***I Will*** look at things from more than one point of view before making up my mind

***I Will*** do what is right whatever the cost
